SUMMARY

Data Analyst with 4 end-to-end analytics internships, skilled in Python, SQL, and Power BI. Built dashboards tracking real-time KPIs, cleaned 100K+ record datasets, and automated reporting pipelines cutting manual effort by **60%**. Strong foundation in statistics, EDA, and BI storytelling — seeking a data analyst or BI role to drive measurable impact at scale.

TECHNICAL SKILLS

Languages & Querying: Python, SQL, HTML/CSS

Data Analytics: Pandas, NumPy, Matplotlib, Seaborn, Statistical Analysis, EDA, Data Wrangling

BI & Visualization: Microsoft Power BI, DAX, MS Excel (Pivot Tables, Advanced Formulas)

Web & Databases: , MySQL

Tools: Git/GitHub, Jupyter Notebook, VS Code, Microsoft Office

PROFESSIONAL EXPERIENCE

OverLoad Ware Lab AI

May 2024 – Aug 2024

Data Analytics Intern

Remote

- Cleaned and preprocessed **100K+ records** across multiple data sources, resolving inconsistencies and improving downstream analytical accuracy.
- Built interactive Power BI dashboards for real-time KPI monitoring, increasing stakeholder visibility into business metrics using DAX-driven calculations.
- Identified key trends and patterns using Python (Pandas, NumPy), directly improving data-driven decision workflows for the analytics team.

Cognifyz Technologies

Apr 2024 – Jun 2024

Data Analytics Intern

Remote

- Conducted restaurant industry analysis across cuisine types, rating distributions, and delivery trends; surfaced segment-level insights for product strategy.
- Wrote SQL queries (joins, aggregations, subqueries) to extract and transform relational data into reporting-ready tables.
- Designed Matplotlib and Seaborn visualizations to communicate findings to non-technical stakeholders, reducing interpretation time.

Future Interns

Mar 2024 – May 2024

Data Science & Analytics Intern

Remote

- Automated data collection and reporting workflows with Python scripts, reducing manual processing time by **60%**.
- Built predictive models and applied statistical analysis on user behavior datasets to surface key engagement drivers.
- Collaborated cross-functionally to define data requirements and translate analytical outputs into actionable business recommendations.

RISE Internship Program – Tamizhan Skills

Jan 2024 – Mar 2024

Data Analytics Intern

Remote

- Executed end-to-end data analysis projects spanning survey data visualization and market trend analysis across multiple domains.
- Developed Excel-based analytical models (advanced formulas, pivot tables) and presented data-driven recommendations to project stakeholders via structured PowerPoint reports.

PROJECTS

Lok Sabha Election 2024 Results Analysis | *Python, Pandas, Power BI*

- Analyzed election data across all **543 constituencies**; built a Power BI dashboard with state-wise and party-wise drill-down to surface voting pattern insights.

Netflix User Behavior Analysis | *Python, Matplotlib, Seaborn*

- Performed EDA on viewing patterns to identify peak usage windows and content preferences; applied correlation analysis and segmentation for performance metrics.

Megamart Sales Performance Analysis | *SQL, Python, Excel*

- Analyzed multi-region sales data to identify top SKUs, seasonal trends, and regional gaps; recommendations informed inventory and marketing strategy decisions.

Company ESG Financial Analysis | *Excel, Power BI, SQL*

- Built KPI dashboards tracking Environmental, Social, and Governance sustainability metrics across a portfolio of companies using integrated financial datasets.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU)

2022 – 2026

B.Tech in Computer Science and Engineering | CGPA: 8.58/10

Uttar Pradesh, India

- Relevant Coursework: Power BI, Database Management Systems, Statistics

CERTIFICATIONS & ACHIEVEMENTS

Certifications: Data Analytics – American Express (Unstop), Cognifyz Technologies, Tamizhan Skills; Power BI – E-Learning (Satish Dhawale); MS Excel – Simplilearn SkillUp; Web Dev – CodSoft

Achievements: Certificate of Appreciation – Coding Cauldron Hackathon | IoT Workshop: Arduino Robotic Car & Obstacle Avoiding Robot | Certificate of Participation – Audacity Voice of Youth
